

# CLOSED - Global Service Delivery Manager

## THE POSITION IS CLOSED AND DO NOT ACCEPT APPLICATIONS NO LONGER

*Are you an experienced Service Delivery Manager and do you have an eye for the best in class end user experience? Can you ensure the highest level of satisfaction among both end-users, colleagues and vendors and deliver a best in class Global Service Desk? Then join the global team at Novo Nordisk and take part in an amazing journey!*

### **Behind the title**

The Service Delivery Manager is responsible for supervising the day-to-day Operation and maintenance of the Global Service Desk setup.

Key responsibilities include:

- Ensure a superior end user IT support experience by supporting a smooth continuous relationship with HCL our Global Service Desk service vendor.
- Ensure continuous improvement together with the Service Desk vendor - in line with Novo Nordisk Standard Operating Procedures (SOP).
- Drive the collaboration between regional IT Support and our Business productivity managers spanning across multiple time-zones.
- Drive the Global Service Desk strategy agenda and direction setting globally.
- Drive continuous improvements with a strong focus on adding value to our end-users globally by utilizing and analyzing data and benchmark.
- Ack as subject matter expert for Global Service Desk services like ticket handling.

The main focus of this role is to ensure and drive an optimal end user IT support experience by supervising the day-to-day operation of the Global Service Desk and collaborating with the service vendor. The ideal candidate will have a strong focus on adding value to the end user and experience in managing service delivery through a vendor.

### **Which competencies are we looking for?**

We are looking for a candidate who can fulfil most of the following requirements for this position:

- Preferably a relevant education or equivalent job experience
- Strong knowledge of IT processes, incl. frameworks such as ITIL, knowledge centered services, or similar
- Basic grasp of Agile principles, methodologies, and events, complemented by excellent communication skills essential for effective collaboration.

As a candidate for this role, you will bring a high level of self-motivation and personal drive to the team, demonstrating your ability to handle a multitude of tasks simultaneously and independently. You are skilled in facilitating good cooperation which you have experienced from other global organizations.

### **About the area/Department**

Global IT Support (GITS) is anchored within the DD&IT organization and has employees based in different countries across the world. In DD&IT, we work Agile, and in the GITS product area, we have five products and nine teams driving operations globally. The products cover End User Support Experience, Operation Excellence, , AV support, VIP/Tec bar & Hardware Asset Management.

By joining DD&IT, you will become part of a strong global community of more than 1,200 skilled IT professionals, who are responsible for IT systems, services, operations and platforms in Novo Nordisk.

### **Be part of the Novo Nordisk family**
